SUMMARY

Experienced Cloud Engineering consultant specialized in implementing cloud infrastructure solutions for enterprise clients. Demonstrated expertise in cloud architecture, DevOps practices, and technical project management, consistently achieving high-quality results within project timelines and financial goals. Skilled in communicating complex technical concepts to technical and non-technical stakeholders and working collaboratively with cross-functional teams.

EXPERIENCE

Cloud Engineering Consultant | Deloitte | Costa Mesa, CA | December 2020 - May 2023

- Led cloud migration, mergers and acquisitions, and software development lifecycle projects as an experienced Cloud Engineering consultant, proficient in cloud services such as Azure, AWS, and GCP.
- Employed best practices to ensure on-time and on-budget delivery while prioritizing stakeholder satisfaction, resulting in successful management of technical and cross-functional projects as a results-driven project manager with a personable approach to leadership.
- Designed and managed cloud-based solutions using Azure, AWS, and GCP, delivering highly available, secure, and scalable solutions to clients. Successfully reduced cloud costs and streamlined application/desktop migrations.

PROJECTS

Merger & Acquisition lead | Large Stock Exchange | October 2022 - February 2023

- Successfully managed 12 workstreams in collaboration with DevOps and InfoSec teams while integrating a large stock exchange and its acquired company.
- Demonstrated strong project management skills to ensure timely completion of deliverables and adherence to budget constraints.
- Coordinated with stakeholders at all levels to ensure effective communication and alignment of project goals.

Cloud Cost Reduction | Walmart Intl. | June 2022 - August 2022

- Played a critical role in Walmart Sustain. Cost Reduction project by leading over 30 client workshops and spearheading the development of the Cost Reduction and High-level Roadmap deliverables.
- Demonstrated exceptional leadership and communication skills by effectively guiding cross-functional teams through project milestones and delivering high-quality results on time and within budget.

Cloud Suitability and Readiness | Zoetis | March 2022 - May 2022

- Led the development of key project deliverables, including the Application Estate Portfolio, Cloud Operational Readiness Report, and Application Persona Details, while managing the overall project to successful completion.
- Demonstrated strong project management skills by effectively managing resources and timelines to deliver high-quality results.
- Leveraged expertise in cloud operations and application architecture to drive project success and ensure alignment with goals.

Customer Service Platform | Apple | March 2021 - February 2022

- Led foundational tracks during the launch and implementation of a new servicing platform, collaborating closely with business and engineering teams to ensure successful delivery.
- Conducted day-to-day activities such as requirement gathering, leading grooming sessions, tracking user story numbers, creating reports, and maintaining user stories in the backlog.
- Followed Scrum and Agile methodology to facilitate efficient project delivery, ensuring alignment of team objectives and timely resolution.

EDUCATION

Bachelor of Science in Computer Science | California State University, Fullerton | Fullerton, CA | 2020

CERTIFICATIONS

Amazon Web Services Solutions Architect Associate | Amazon Web Services (AWS) | 2021

Knowledge and skills in compute, networking, storage, and database AWS services as well as AWS deployment and management services

SKILLS

Industry Knowledge: Cloud architecture (AWS, GCP, Azure), Project management, Product Management, Agile and Scrum methodologies, DevOps, Software development lifecycle

Technical Skills: JavaScript, Java, React, Microsoft Office (Word, Excel, PowerPoint),
